

Level 3 - Introductory Certificate in Neighbourhood Management

Aim

This qualification aims to provide an introduction to the key concepts and practices in effective neighbourhood management. It is intended for those whose current job or community role requires them to engage formally and informally with other community partners in all aspects of effective neighbourhood management.

Structure and Content

The programme consists of 3 days workshop providing individuals with an overview of the following;

- Neighbourhood Management
- Partnership Working
- Signal Crimes
- Community Engagement
- Neighbourhood Meetings
- Anti-Social Behaviour
- Collaborative Problem Solving

Method of Delivery

Each workshop is highly participative through the use of group discussion, exercises and case studies.

Assessment

Individuals will be assessed by means of an assignment designed to test knowledge and understanding of the topics covered throughout the programme.
